-Little Johnny's Corner-

The Uniform

A Veteran wore his Army uniform with pride. One day, coming home from the base dressed in Olive drab, he stopped off at the grocery store. While in line, he noticed a little boy standing with his mother.

Little Johnny took one look at the man in his uniform and his eyes grew wide. The man turned and gave the Little Johnny a crisp salute.

Little Johnny was so excited. He pointed at the Veteran and announced, Look Mom, A Giant Boy Scout.

-Just Face It-

☺

If God had a refrigerator, your picture would be on it. If He had a wallet, your photo would be in it. He sends you flowers every spring and a sunrise every morning. Whenever you want to talk, He'll listen. He could live anywhere in the universe, and He chose your heart. What about the Christmas gift He sent you in Bethlehem; not to mention that Friday on Calvary! Face it, He's crazy about you!

IN QUIET COMMUNION

Take and eat as you remember
The sacrifice that I made,
The bread and wine that represents
The life I willingly gave
My body beaten and pierced with nails,
My blood poured from my side,
For it was the only way for you
To receive eternal life
As you sit and reflect a moment,
Confess your sins to me
Let my blood cleanse you again
So you will truly be free
And if you need a healing touch,
Reach out to me today,
For in this quiet communion time
Your healing is already made
Then when you're ready to partake,
Be thankful and be glad,
For you, my child, have many blessings
That others do not have
So let this communion time extend
To bless somebody else,
Reaching out to touch a life
That may be in need of help
But don't let this time just pass you by,
Not letting it touch your need,
For I've ordained this communion time
So you can fellowship with me.

The **COVID-19** pandemic has had a profound impact on mental health, with a new study suggesting that feelings of paranoia might be associated with mask mandates. Yale University researchers, who published their findings in the [journal Nature Behavior](#), also noted that paranoia was heightened in states with low adherence to mask mandates.
